Technical Data Sheet

Pigment Yellow

FINELAND CHEM
泛成化工

General Information

Color Index	Pigment Yellow
Product Code	DuraPaint®6231L
CAS NO.	--
EC No.	--
Chemical Formula	--

Physical Properties

Density (g/cm^3)	1.35-1.58
Specific Surface Area(m^2/g)	18-75
Oil Absorption (g/100g)	35-45
PH Value	6-8
Moisture content(%)	≤1.5
Total impurities(ppm)	≤600

Fastness Properties

Heat Resistance (°C)	180
Light Resistance (Full Shade, 1-8)	5-6
Light (Reduced tinting, 1-8)	5
Weather Resistance (1-5)	3
Acid Resistance (1-5)	4

Alkali Resistance (1-5)	4
Bleeding Resistance(1-5)	3-4
Ethyl Acetate (1-5)	3
Ethanol (1-5)	3
MEK (1-5)	3

Application & Performance

Recommended for Industrial paint,Decorative water/solvent-base paint etc.Its Lead free yellow pigment.

Note

Fineland Chem offers innovative pigment technologies designed for long-lasting performance and consistent quality in industrial use. Product data is based on current knowledge and for reference only. Users should verify suitability; no liabilityis assumed for specific applications.

Date of issue: Sep. 1st , 2024
